ABSTRACT

Statistics of public and academic libraries for 1976 from the 1977 Ohio Directory of Libraries are presented in tabular form. Summary tables are presented of all characteristics alphabetically by county for public libraries and by institution for academic libraries. Counties are ranked by percentage of intangibles tax distributed to libraries. Public libraries are ranked by circulation, volumes added, total volumes, total operating expenses, and staff number. Academic libraries are ranked by enrollment, total volumes, total expenditures for books and library materials, total operating expenses, and total expenditures for salaries. (JAB)
